## Consent for photography and use on Parish media

The birth of a child is a very special and joyous occasion. When parents make a decision to have their child baptised and received into the Catholic Church we like to share this wonderful news with our community and members of our Church. We aim to do this using some or all of our Parish media outlets e.g. our Facebook social media page, Parish Website and sometimes our Youtube channel and community magazine the Lannleire Review.

We ask for your permission to capture or use a supplied posed photograph of you (parents/guardians) and your baby after he/she has received the sacrament of Baptism and publish to our Parish media channels including your names and that of the child just christened.

Please check the appropriate box.

Yes, I give Dunleer Parish permission to capture and post pictures on the Dunleer Parish media channels as described in the above statement.

No, please **do not** capture or post any picture of my child on the Dunleer Parish media announcing his/her Baptism.

Where consent is given please complete the following:

Name of parent/guardian [BLOCK CAPITALS]: \_\_\_\_\_

Signature of person giving consent: \_\_\_\_\_

Date completed: \_\_\_\_\_

[Please return this completed form to Fr. Michael Murtagh in the Parish office)
